### ALERT AND CALLOUT INSTRUCTIONS

**I.** Keep your SAF's and Callout Roster near the phone, and have your gear ready to go at all times.

**II.** When you get a call for a mission, copy the information down on a SAF.

**III.** If you have any questions, call the Dispatch Officer, not the Mission Coordinator.

### STATUS EXPLANATIONS:

- **A. CALLOUT** - We are sending out a team as soon as possible. If you can go, grab your gear and proceed to the assigned assembly point.
- **B. STANDBY** - We may be sending a team out in the next few hours. If you are available, ready yourself and your gear and be at one of your listed phone numbers until the time the standby expires. If you will be at some other phone, make sure the Dispatch Officer knows. If no stand-down time is specified, you may go off standby 12 hours after you were called.
- **C. ALERT** - There is a small possibility we will be called for a mission. This is primarily for your information, should you want to keep in close touch. No availability information is collected, and there is no need to change your plans so as to be available.
